

2020 Professional Membership Agreement and Guidelines

Carolina Resource Center for Eating Disorders (CRC for ED) is pleased you are interested in Professional Membership. Participating professionals actively engaging in this unique and collaborative partnership are vital to each member, our organization, and most importantly the people we serve. Together we can increase awareness of eating disorders, strengthen access to eating disorders treatment, and align with our collective vision for the people we serve by sharing our various skills, talents, and ideas. We thank you for partnering with us and the other Professional Members, and for making a real and lasting difference in the lives of those affected by eating disorders.

Membership Agreement and Guidelines

Members of the Professional Network have certain obligations and codes of conduct we agree to maintain on an on-going basis to continue and fulfill this membership level.

Overall Policies and Procedures

Professional Members are expected to maintain integrity in the field of eating disorders by following guidelines of professionalism with respect to their licensing boards, the media, and the public.

Exemplary conduct in professional efforts is expected at all times. Courtesy, honesty, and a willingness to engage with fellow members is also expected.

Professional Members are committed to staying abreast of current developments in the field of eating disorders through Continuing Education and encouraging participation and/or taking part in our organization's local programming.

Our collective goal is to be a catalyst for disordered eating awareness, education, support, prevention, and advocacy; and to exchange ideas to further our mutual goals.
